Customer Testimonials

“We have been very happy with the flexibility available through the BeniPlus Wallet. The BeniPlus Wallet has allowed our employees to choose to allocate benefits in the areas they actually use depending on their health, wellness, and retirement needs... It’s something we are proud to offer to employees and have received a lot of positive feedback on. “

“BeniPlus has been a life-saver, a money-saver and a time-saver for our organization. I wanted to provide my employees with good health insurance, but before BeniPlus, I found that we were paying for a policy that cost us more than it was worth...The switch to BeniPlus has saved our organization and our employees thousands of dollars by providing us with the flexibility to determine our own insurance needs. And what’s more, BeniPlus has the best customer service of any insurance carrier we’ve encountered. “
